

## Construction Update

September 5-11, 2019

- Partial intersection reduction
- Xcel Energy
- City Contractor Work (Local Access Only)
- Full closure
- Sidewalk Removal and Replacement
- City Contractor Work (Road Closed)

### WHAT'S HAPPENING

- 8th St. detour route has been shifted from Hennepin Ave. to LaSalle Ave. (See Attached Detour Map)
- Rapid Bus Transit station installation and sidewalk work between LaSalle Ave. and Nicollet Mall continues on the south side of the roadway.
- Sidewalk installation continues between Nicollet Mall and 5th Ave.
- Curb installation is occurring between 3rd Ave. and 4th Ave.
- Utility abandonments and storm sewer work on 8th St. between 2nd Ave. and Park Ave. is ongoing
- 8th St. is CLOSED between Portland Ave. and Park Ave.
- Xcel Energy and telecommunication companies continue to perform work between 3rd Ave. and Park Ave.

### WHAT TO EXPECT

- Public and private utility work requiring the use of heavy equipment will increase noise, vibration, and dust in work areas.
- During construction, 8th St. will be restricted to local access only and vehicle traffic will be detoured to adjacent streets for the duration of the 2019 construction work. Vehicle traffic is currently detoured to 10th St.
- Lane restrictions will vary by block, based on construction activity
- There will be sidewalk closures and pedestrian detours as needed to facilitate construction activities. Expect greater pedestrian impacts at intersections where work is occurring.
- Metro Transit buses have MOVED off 8th St. and are being routed to bus stops along 6th St. for the duration of 2019.
